+LACONIC+LINKS+

A cabinet rather than a college education is the thing nowadays.

If any one should ask, Governor Magoon is sitting on and under the Panama lid.

It is hoped the peace negotiations will not break up in a free fight, as it appears to be inclined to do.

Panama is to be paved. It is hot enough to be paved with good intentions, if you remember what that is.

It now appears that instead of being "corrupt and contented" Philadelphia was corrupt and rented.

The campaign for the "ship subsidy" has opened early. Campaigns for "subsidies" rarely suffer from neglect.

If the Czar ever gets another "Navy" he will probably use it to preserve peace instead of sending it out to hunt trouble.

Mayor Dunne, of Chicago, refuses to be worried. He understood that it was going to be a big job when he tackled it.

"Most men like women in plain simple clothes," says the Houston Post. That sounds more like a plea for economy than an exhibition for taste.

Alfonso the Spanish King, amused himself feeding the monkeys at the Zoo, while in London. Boys will be boys even though they are kings.

Paul Morton thinks a man who can run the navy by his railroad reputation can operate subways and insurance companies without any trouble.

Indiana's railway commission has called for a list of all State officials who have railway passes. It would be much easier to get a list of these "who do not" have them.

That the Japs are not patterning after us too closely, is shown by the fact that there has as yet been no claim that some admiral other than Togo is entitled to the credit for that naval victory.

Captain Hobson is to be a candidate for Congress. A hero and a bridegroom, his district will be disgraced forever if the voters turn him down with such a double claim on their enthusiastic approval.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Allay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it stops it at once."

JOHN J. McERILAIN.

Pres. S. B. Eng. Co., South Bend, Ind.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

MURPHY FORK MINUTES.

C. Hurt bought of J. B. Rose a bunch of timber last week, price private.

Ben Murphy, of this creek, sold 12 steers to Steve Pieratt, of Ezel, last week, price private, then bought of Milt Lykins, one pair of yearling mules for \$125.

Last week Marion Davis, of Ezel, put up one of the handsomest porches of the many he has recently worked on. Sam Wilson painted it and Sam claims that Marion's porch work is hard to beat. He says the veranda that decorates the front of Ben Murphy, the boss trader's residence is one of the neatest jobs that could be done with carpenters' tools.

Well No. 3 on the Holly Wilson farm, being drilled by Capt. Brush in connection with the Hazel Green Oil and Gas Co., like Nos. 1 and 2 in the same vicinity, proves to be so far a fine gasser and though not fully completed, the company being pressed for time under contract with the Daysboro territory, has begun running machinery to Daysboro for work there. THE HERALD takes pleasure this week in presenting to its readers a picture of J. Ige Thomas H. Paynter, the popular candidate for the position of United States Senator. We say popular candidate because nearly every Democrat with whom we have talked says "Paynter is my choice," and from other parts we hear that he is just as popular. Vanceburg, Lewis County, is his home, and inquiry develops that he is regarded there as a conscientious christian, moral man, of the highest integrity, and an all-round good citizen. Then, in other sections his popularity is proven by the fact that Paynter men are being nominated for Representative and the State Senate wherever conventions are held. Only a week or so since Hon. W. W. Tabb, of Hardin County, was nominated for State Senator to represent the district composed of Hardin, Grayson and Bullitt, and in Fleming County Hon. J. D. Wyatt was nominated for Representative. Both of these gentlemen are avowed Paynter men, and will support him in caucus. Judge Paynter has been County Attorney for Lewis, represented his district, the Ninth, in Congress, and now holds the honorable position of Judge of the Court of Appeals. Probably he has held other positions of trust and honor of which we are not cognizant, but these will suffice to show that in every instance the verdict of the people has been "Well done, thou good and faithful servant, enter upon thy reward," and they have at once proceeded to advance him. All these things lead the people to believe that Judge Paynter would make an ideal United States Senator, and to that end they are clamoring for the nomination of representatives to the next Legislature who will support him in the caucus. In some cases this is not because they love Blackburn less, but because they love Paynter the more; they want a change. Of course, Paynter is a Democrat. Who ever heard of a Republican with so good a record?

DO YOU GET UP

WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

STATE COLLEGE OF KENTUCKY,

LEXINGTON, KENTUCKY.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, horticultural, chemical, biological, mathematical, physical, normal school, classical, mechanical engineering, electrical engineering, civil engineering, mining engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading to a master's degree. Each course of study is organized under a separate faculty. The general faculty number nearly fifty professors and instructors.

County appointees receive tuition, room rent in dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprehensive and modern.

The Legislature appropriated \$60,000 for a college home for young women, and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation was 750.

Specialists with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering and instruction in science.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing in any proper sense university work.

The completion of the college home for young women provides facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to them of a thorough education in classics, modern languages, literature, science, mathematics, logic, metaphysics, history and political economy. No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.
